- The path of Nabee Sallal Laahu Alaihi Wasallam
- The path of Siddiqeen
- The path of Saleheen
- The path of Shuhadaa

Impact of Asking for Siratalladheena Anamta

- First people who know us and love us will laugh at us, mock us and ridicule us
- Then they will be angry with us and spread lies about us
- Then they will threaten us
- Then they will attack us and commit to destroying us

What is Our Siraatalladheena Anamta ?

Being steadfast in our Ibaadah and Dealing with stake holders of our life in a way that pleasing to Allaah SWT

- Our Families
- Our Teachers
- Our Students
- Our Parents
- Our Governments
- Our Fraternity

Why was Islam difficult to Accept

- Why did Abu Lahab and Abu Jahal reject Islam to bitter end ?
- For Abu Ta'lib to accept Islam even on his death bed ?
- Why did Amr Ibn Aas RA and Khalid Bin Waleed RA take time till the very end before accepting Islam ?

Sample this path

- We start living modest lives and every penny that's more than what's needed is spent on welfare of teachers and students
- Be humble even in face of hostility and provocation
- Majority of our teachers live very difficult lives and teaching is a profession of those who drink their misery everyday before coming to teach our children – Spend more than you spend on buildings and benches and invest in transforming working condition of the teachers, take interest in improving their lives, upgrade their skills, so they become pillars of your institution
- Partner with children to influence their parents
- Leverage technology where appropriate
- Follow the leadership principles of Nabee Sallal Laahu Alaihi Wasallam and Khulafa E Raashidoon
